## **MEMORANDUM**

**TO:** State Ethics Commission

**FROM:** Jennifer Allgair, Executive Director  
Maryland State Ethics Commission

**DATE:** June 3, 2025

**SUBJECT:** Executive Unit Determinations & Preliminary Financial Disclosure Exemptions  
New Boards and Commissions - June 12, 2025 Meeting

---

During the 2025 Legislative Session, several new State boards were created. The Commission must determine if each of these newly created entities are executive units of the State government. For a board or commission to be subject to the Public Ethics Law, it must satisfy the definition of “executive unit” in the law. The definition of “executive unit” is in §5-101(m) and reads in part as follows:

*(m) Executive unit. -- (1) “Executive unit” means a department, agency, commission, board, council, or other body of State government that:*

- (i) is established by law; and*
- (ii) is not in the Legislative Branch or the Judicial Branch of State government.*

It follows that an entity that is not established by law is not an executive unit.

In determining whether a board or commission is not in the Legislative or Judicial Branch of government, the Commission has typically looked at such factors as: 1) who has responsibility for staffing the board or commission (e.g., an executive branch department or agency or the Department of Legislative Services); 2) who appoints the majority of members of the board or commission; and 3) whether the board or commission reports to the Governor, an executive agency or the legislature. The Commission also considers whether a board or commission is focused on a local jurisdiction, with local government appointments and reporting requirements, rather than a State unit.

Additionally, the Commission may also consider making the determination that the members of a State board or commission will exempt from the requirement to file an annual financial disclosure statement based on a determination that the board is purely advisory, established for a short duration or that such a determination will not adversely affect the administration of the Public Ethics Law.

If the Commission determines that an entity is an executive unit, the entity is notified that its members are subject to the Public Ethics Law. New boards that receive a preliminary exemption from the requirement to have members file a financial disclosure statement will be notified of this determination. New boards that are determined to be executive units, but do not receive a preliminary financial disclosure exemption from the Commission will be advised that the entity may request an exemption from the financial disclosure filing pursuant to the Commission's regulations. This financial disclosure exemption request will be considered at a later meeting.

**STAFF RECOMMENDATION - ENTITY IS AN EXECUTIVE UNIT AND THE COMMISSION SHOULD GRANT A PRELIMINARY FINANCIAL DISCLOSURE EXEMPTION FOR THE ENTITY. MEMBERS ARE PUBLIC OFFICIALS SUBJECT TO THE CONFLICT OF INTEREST PROVISIONS OF THE PUBLIC ETHICS LAW, FILE AN APPOINTEE EXEMPTION DISCLOSURE FORM AT THE TIME OF APPOINTMENT, BUT DO NOT FILE FINANCIAL DISCLOSURE STATEMENTS.**
